

Witty, intelligent, sophisticated, bold, brilliant, seminal, revolutionary, and fit for the Smithsonian... These are all words and phrases that the author uses to describe his *Rocket Scientists' Guide to Money and the Economy: Accumulation and Debt*.

Is this egoistic hyperbole or the lunatic ravings of a scientist who has been sniffing laboratory butane for far too long? Only you can decide for yourself. Just don't miss out on this uniquely transparent look into the dark esoteric corridors of modern economic machination.

ROCKET  
GUIDES™

MIKE SOSTERIC

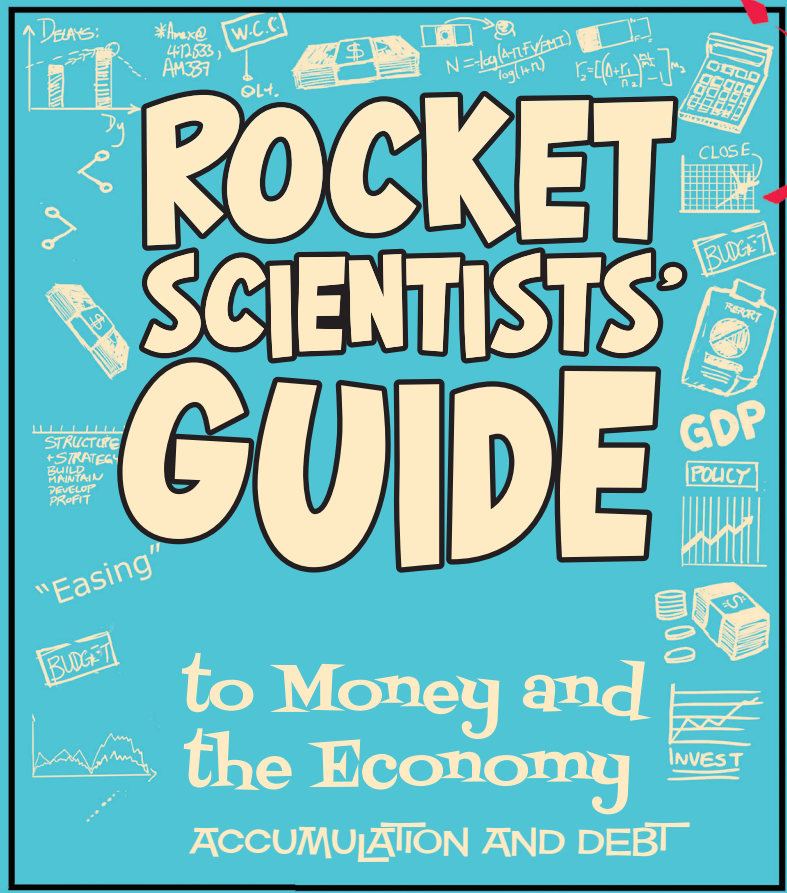

MIKE SOSTERIC is a scholar and mystic who is hard at work building bridges, spanning chasms, and trying really, really hard, like a lot of other people, to transform this planet and save the world.
