Lightning Path Workbook Two: Introduction to the Lightning Path

Michael Sharp

## Modern spirituality and mysticism for a transforming world

***Lightning Path Workbook Two - Introduction to the Lightning Path*** is your formal introduction to Lightning Path teachings, and the Lightning Path itself. In this book learn the origins, purpose, and principles upon which the LP is based. Also learn the obstacles you must face and the challenges you must meet if you are to move forward towards spiritual connection and realization of divinity. LP Workbook Two is a powerful foundation in the LP temple of awakening, activation, and ascension. Don't wait any longer. **Take a step on the Lightning Path and Awaken, Activate, and Ascend**

The Lightning Path (or simply LP for short) is an intellectual, emotional, psychological, and spiritual system of awakening and empowerment (a "mystery school" if you like, but without all the useless mystery) designed to help you get off the sinking ship off the old world and make "the shift" into an awakened, activated, and ascended state of existence. It is sophisticated, straight forward, powerful, logical, grounded, rational, intellectually and metaphorically rigorous, politically sophisticated, empirically verifiable, authentic, and effective. It is accessible to everyone regardless of race, class, gender, or education. No requirements are set for entry and no judgments are made in passage.

**Michael Sharp** is a Sociologist with a specialization in psychology, religion, occult studies, social inequality, scholarly communication, and critical theory. After a dramatic crown chakra opening caused him to question the materialist foundation of modern science, he began exploring the spiritual and mystical side of life. He recognized early on the presence of elitism and patriarchy in the world's "secret" traditions and he began creating a new, open system of mysticism and personal development free of the established bias in "old energy" systems. The Lightning Path™ is the culmination of his research and work.
